

MiniLED150

Supply voltage	240ac via transformer 3 pin plug
Input voltage	12v DC via removable jack plug
LED	1.2w - cool white
Dimensions	99.5 x 62 x 30mm
Weight	117 grams
Power consumption	2 watts
Twinkle wheel	No
Colour wheel	No
Fibre capacity	850 x 0.75 mm
Cooling fan	None
Heat radiation	Warm to touch
Location	Dry ventilated area
Warranty	18 months
Country of manufacture	China
Manufacturer accreditation	ISO 9001
Hard wire power supply available	Yes
Dimming	No
Maintenance	Minimal
Availability	From stock next day
Stock code	MiniLED150

Installation and maintenance

The MiniLED series of light sources rely on convection to keep cool so follow these guidelines when installing the lightsource in a dry well ventilated space

- 1) Mount horizontally.
- 2) Ensure a free flow of air around the source.
- 3) Do not cover ventilation slots.

Maintenance: Inspect yearly and vacuum ventilation slots. In dusty environments inspect more regularly.
